REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Palmetto High School has experienced another outstanding year academically and in our extracurricular pursuits. We appreciate the support of all of our stakeholders and we believe that teamwork is crucial for sustaining our success. It is learning that is goal number one, and we believe for students to become well-rounded we must all be like-minded and unified in our efforts so they can reach their best individual potential.

The mission of palmetto High School is to create a family-friendly learning environment where we care about each other, build character, learn curriculum, and develop citizenship. To that end, we strive to be educable, ethical, responsible, and accountable. For us, success is defined as giving our best each day in an attempt to become all we are capable of.

We envision our school as a place where: the student is the focus; students have an innovative, progressive, and student-focused experience; ethics, values, respect, and hard work are modeled; high standards are established and attained in a nurturing environment; care is the focus, curriculum is mastered, and diversity is embraced; the faculty will do whatever it takes within ethical limits to help our students; challenges are embraced and change is inevitable; the faculty never gives up on a student; students are prepared for a globally competitive, ever-changing, information-minded world; students are embraced where they are, and inspired towards self-improvement; and students feel welcomed and nourished academically, emotionally, and culturally.

We believe the following: our students are positive, productive members of the community; all stakeholders are accountable for individual and group goals; relationships are critical for our success; learning is more important than teaching; reflective teaching is employed; "success and nothing less" is expected and modeled; anything is possible through hard work and self-motivation; innovation is critical and yearly we need to challenge our beliefs and purpose; students may take varied paths to meet their educational needs and goals; extracurricular experiences are vital for a well-rounded student; and we love each other, help each other, and look out for each other.

We have many changes occurring this summer with a new wing of 6 classrooms, a cafeteria expansion, and a weight room being added. We have new tile being installed in our restrooms, carpet in the band room, the student parking lot is being resurfaced, and a new entrance for the school also being added.

We have much to be thankful for and to be proud of as a Mustang and let's have another great year.
